Summary

A third-year computer science student with expertise in web development, seeking an entry-level position in computer science and engineering, Thrives in collaborative team environments, demonstrating creativity, initiative, and strong problem-solving skills.

EDUCATION

Bachelor of Engineering in Computer Science   **Dec. 2020 – June 2024**
The National Institute of Engineering   *Mysore, Karnataka*

Pre-University Course   **Aug. 2018 – Jan 2020**
Vijaya vittala composite pre university college   *Mysore, Karnataka*

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Networks
- Database Management System (DBMS)
- OOPS Concept
- Web Development

PROJECTS

Farm Land Lease Management System: | HTML,CSS,Nodejs,mongoDB
- Farm Land Lease Management System is a comprehensive solution that streamlines the process of leasing agricultural land
- As part of a 2-member development team, contributed to website UI design, database setup, and implementation of login/signup authorization using GIT and HTML5. .

Diabetese Mellites | NumPy, Pandas, scikit-learn (sklearn)
- Trained prediction model capable of accurately identifying individuals at high risk of developing diabetes..
- By leveraging the strengths of SVM, SVM kernel, and perceptron, project aimed to develop a robust and accurate diabetes prediction system.

TECHNICAL SKILLS

Languages: Python, C, C++, SQL, Java
Developer Tools: VS Code, Android Studio , Jupyter Notebook
Technologies/Frameworks: HTML , CSS , Bootstrap, Unix

ORGANIZATIONS

National Institute of Engineering   **Nov 2022 – present**
Student Placement Coordinator

- ∗ Collaborating with faculty and department heads to align placement strategies with industry requirements.
- ∗ Assisting students in resume preparation, interview skills, and career development..
- ∗ Maintaining and updating the placement database, including student profiles and company information.

TRAINING AND CERTIFICATION

Web Xplore India 2022

- · Participated in India's biggest one day practical website development and live hosting workshop.

VLSI-NEXT(sponsored by proxelera)

- · The individual represented the National Institute of Engineering (NIE) as a volunteer for the VLSI event, acting as a representative and ambassador for the institute.
